DRAWING--ARCHITECTURAL and MECHANICAL.--As this is the season for young mechanics and others to apply themselves to the attainment of the greatest aid to the excellence in their various pursuits, viz :--a thorough knowledge of Geometrical Drawing.

We would call their attention to "Minifie's Text Book of Self-instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that we have ever seen; no young Mechanic such as a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continent.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not be said, so far as principles and methods are concerned, any longer to want a master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on the receipt of three dollars, which may be sent per mail at our expense.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 48 steel plates.--Price $1,25. Published and for sale by

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. BARDENBERCH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is an undeniable fact that no medicine ever brought before the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr. Corbet's!—The distinguished Prof. Hayes says:—"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest repute as remedial agents, and does not include any *Metallic Compound.*

But read what Druggists say, whose well known characters give full assurity to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, and the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

ANOTHER PHYSICIAN'S TESTIMONY.

Mr. Fowle—Dear Sir: I could send you a *dozen* certificates, *strong* and *decisive*, of the really *sanative* effects of *your valuable Balsam of Wild Cherry*, within the past twelve months, under my own supervision and direction. Indeed, I know of few persons who have used it, comparatively, but commend it in the strongest terms. A case of *Asthma*, the *severest I ever saw*, to which I was called a month ago, evinced the *superiority* of the *Balsam*. This disease lasted six weeks, and the dyspena and suffering were *dreadful*; he sat up every night.--The gentleman told me to give him something to last him home, (21 miles,) so that he might see his wife and child, and die in peace! I gave him one bottle of the Balsam, and four ounces of syrup squills, directing him to take tea-spoonful doses of best Bordeaux olive oil, when the difficulty of breathing was greatest. Next day I forced his despondent will, and *made him* take six bottles of *Wistar's Balsam of Wild Cherry* home with him *as a present*, he having alleged that he had used so much expensive medicine to no profit. Last week Mr. A. called and *expressed his gratitude* to me in the *warmest manner, said the medicine had saved his life*, paid his *whole* bill, and took six bottles more, and left my office for home, *rejoicing*.

Very respectfully yours,
WM. SHAW, M. D.

TRANSATLANTIC PACKAGE EXPRESS AND GENERAL EUROPEAN AGENCY.---The undersigned give notice that they have completed their arrangements in this country and in Europe for facilitating the TRANSMISSION of MERCHANDIZE of every description, in large or small Parcels, (including sample packages,) between the VARIOUS EXPRESS OFFICES IN THE U. STATES, and all parts of Great Britain, France and other places on the Continent.

One of the members of the house has recently returned from England where he has made a permanent arrangement with the eminent forwarding establishment of Messrs. CHAPLIN & HORNE, who will receive all goods for distribution in Europe, and promptly deliver them at their many agencies. Our connexion with this extensive house give us facilities not heretofore enjoyed by any other parties.

CHAPLIN & HORNE being also the exclusive Agents in England for the Messageries Nationals of France, we have peculiar advantages for forwarding parcels through to France and other parts of the Continent.

Our houses at London and Liverpool will attend to the collection of accounts, and other business of a confidential nature in any part of the Kingdom, and with the assistance of several legal friends, will give special attention to all documents requiring attestation or other action.

We have authority to draw on the PROVINCIAL BANK OF IRELAND, and all its branches, and are prepared to furnish drafts for the convenience of our customers.

On the reception of goods or parcels in this country, they will be forwarded without delay to their destinations—those out of the city by the earliest Expresses.

Persons at a distance desiring to make shipments to England or the Continent, either by steamers or packet-ships, can leave their goods, or orders, at any of the offices of ADAMS & CO., and GREENE & CO., in the United States, who will receive and promptly forward them to us.

Our friends who may wish to visit Europe, and who desire INTRODUCTIONS in places where they may be strangers, will receive every accommodation from ourselves and our agents.

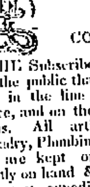

All who may be disposed to favor us with the shipping of their goods from England to America, will oblige us by directing their correspondents abroad to order such goods to be given in charge of CHAPLIN & HORNE (who have branches in every principal town in the Kingdom) "care of Edwards, Hale & CO., Liverpool," or "London."

☞ All Parcels from this country should be marked--"TRANS-ATLANTIC PACKAGE EXPRESS," care of EDWARDS, HALE & CO.

OFFICES--IN AMERICA---New York, No. 70 Wall street; Philadelphia, 80 Chestnut street, and all the other places of business of Adams & CO., and Greene & Co., in the United States. IN EUROPE---Liverpool, 2 Columbia building. London, (Chaplin & Horne's) Gresham street,--and all other offices and agencies of CHAPLIN & HORNE, throughout the kingdom and in France.

EFFECTED BY DR. CORBETT'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

[From Sophronia W. Badger, wife of Stephen C. Badger, Esq., for many years Clerk of Court of Common Pleas, Merrimack County, N. H.]

"For a number of years past I have been afflicted with Salt Rheum, Dyspepsia, General Debility, and Scrofulous Affections. About fifteen months since, I commenced taking Corbett's Shakers' Sarsaparilla Syrup, and soon realized great benefit therefrom. It is the first medicine I ever found that permanently helped me, and I find that my health and strength are very much improved. I believe this an invaluable remedy for Scrofulous disorders, and must cordially recommend it to all who are afflicted as I have been. My general health is now good, and I attribute my recovery solely to the Shaker Syrup.

WEBSTER'S QUARTO DICTIONARY.

"Webster's American Dictionary may now be recommended, without reservation or qualification, as the best extant."---*President Olin, of the Wesleyan University, December*, 1847.

"I have always considered Dr. Webster's work in lexicography as surpassed in fullness and accuracy by none in our language."---*President Wayland, of Brown University, Providence, R. I.*

"I have been in the habit of using Dr. Webster's Dictionary for several years past, in preference to all others, because it far excels them all, so far as I know, in giving and defining scientific terms."---*Pres. Hitchcock, of Amherst College.*

"My judgement and feelings are most heartily and permanently engaged in doing all that I can to make Webster the standard wherever the English is spoken, as it deserves to be, must be, is, and will be."---*Professor Stowe, of Cincinnatti.*

Lord Brougham, in a recent conversation with an intelligent American traveler, remarked of this work,---"It has come to be a necessity to every educated man."

"Dr. Webster's great work is the best Dictionary of the English language."---*Lon. Morn. Chron.*

The Lond. *Literary Gaz.* of April 1st, speaks of it in the following strains:--"A noble monument of erudition and indefatigable research."

"We rejoice that bids fair to become the standard Dictionary to be used by the numerous millions of people who are to inhabit the United States." *Signed by* 104 *Members of Congress.*

DR. CORBETT'S SYRUP OF SARSAPARILLA.

EFFECTS WONDERS!

Read this remarkable case of JOHN DAVIS, *Sexton of Rev. Edward T. Taylor's Church, Boston.*

I, the undersigned, Sexton of the Church of that good man, Father Taylor, state the following facts, which I think should be told a world. I was born in Portugal, and am now forty years of age. My parents were healthy, and I was not afflicted by any disease until the year 1845. I was then residing in Boston. At that time my skin became subject to a humor, which at length so acted as to alarm myself and friends. Severe sores and ulcerates developed themselves: large scars are now deeply imprinted on my forehead and other parts of my body, and by their excoriation indented even into the bone. About twelve months since my afflictions seemed increasing.---Deep seated sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my daily bread.---Failing of receiving any benefit from physicians who prescribed for me, I resorted to the use of various Sarsaparilla compounds, as advertised, but with no benefit. The able and distinguished surgeon and physician, James Ayer, M. D., Hanover street, who had watched my case, at last advised my using Corbett's Shaker Sarsaparilla.

I am happy now to state that my general health is fast improving, the scrofulous developments on my head, arms and face quietly passing away, and not until this moment have I had any hope of a ... I do alone attribute this amendment, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering. JOHN DAVIS.

THE AGE OF IMPROVEMENT.---One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, Consumptives, is Dr. Wistar's Balsam of Wild Cherry. What time establishes, and concurrent, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is an, no doubt. A popularity of this sort fixes in society its roots so deep and strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudices of all respectable and sensible men, and the article has taken a stand among the first class discoveries and blessings of the age; and when resorted to in season, eradicates the diseases for which it is recommended.

Dr. H. Mannaly, of Tarboro, North Carolina, writes us under date of February 11, 1847, that he has used Dr. Wistar's Balsam of Wild Cherry, in his practice the last eighteen months, and considers it the best preparation of the kind he ever saw, and knows of none so deserving the public patronage.

CONGRESS.

Washington, Monday.

The Senate discussed the Deficiency bill for several hours. The amendment offered by Mr. Dickinson, to appropriate $50,000 to complete the Patent Office, was rejected; and that offered by Mr. Clarke, to appropriate $90,000, was adopted.

After a humorous debate, the Senate also adopted amendments to appropriate $5000 to the erection of a new green house; also, on motion of Mr. Rusk, to compensate for 22 additional post office clerks; on motion of Mr. Mason, $10,000 for the improvement of the grounds south of the President's house; on motion of Mr. Badger, an additional appropriation for the improvement of grounds; and on motion of Mr. Dodge, of Iowa, $9000 to the Governor, Judges, &c., of Minesota. Several other amendments were pending when the Senate adjourned.

Remarkable Story of an Albatros.—The subjoined anecdote of an Albatros is taken from a recent number of the Montreal Transcript. The writer vouches for its fidelity to truth.—Persons who have seen that most restless of birds, and are familiar with its strength and its habits, (says the Louisville *Journal*,) will have less difficulty in believing in this story than those who have not seen it. It is an admirable story, and is very well told:

"The following most extraordinary circumstance is furnished in a letter from an officer of the 83d regiment, now in India, to a friend in Montreal.—Whilst the division of the 83d regiment to which the writer belonged was on its way to India, being at the time a short distance eastward of the Cape, one of the men was severely flogged for some slight offence. Maddened at the punishment, the poor fellow was no sooner released than, in the sight of all his comrades and the ship's crew, he sprang overboard. There was a high sea running at the time, and, as the man swept on astern, all hope of saving him seemed to vanish. Relief, however, came from a quarter where no one ever dreamt of looking for it before. During the delay incident on lowering a boat, and whilst the crowd on deck were watching the form of the sunken struggling with the boiling waves, and growing every moment less distinct, a large albatros, such as are always found in those latitudes, coming like magic, with an almost imperceptible motion, approached and made a swoop at the man, who, in the agonies of the death struggle, seized it and held it firmly in his grasp, and by this means kept afloat until assistance was rendered from the vessel. Incredible as this story seems, the name and position of the writer of the letter, who was an eye-witness of the scene, place its authenticity beyond a doubt. But for the assistance thus afforded, the writer adds, no power on earth could have saved the soldier, as, in consequence of the tremendous sea running, a long time elapsed before the boat could be manned and got down—all this time the man clinging to the bird whose flutterings and struggles to escape bore him up. Who after this should despair? A raging sea—a drowning man—an albatros; what eye could see safety under such circumstances; or who will dare to call this chance? Is it not rather a lesson intended to stimulate faith and hope, and teach us never to despair, since in the darkest moment, when the waves dash, and the winds roar, and gulf seems closing over our heads, *there may be an albatros near*."

☞ They have some "tall" specimens of musquitoes in California, and their suction power, are enormous. They are said to be strong-limbed, too, first one will take the edge of your bed blanket in his teeth at night, and raise it up, so that another may creep under and bite. Fever-and-ague "ain't a circumstance."

Conundrums.—Why is a restless man in bed like a lawyer? Because he *lies* on all sides.

Why are a dead duck and a dead doctor alike? Because they both stop quacking.

There is a great deal of *mind* in sometimes not giving proof of any, and above all in not perceiving the lack of it in others.

Purchaser—"Are those apples fit for a hog to eat?" Seller—"Don't know. Try them and see."

☞ It is said that bleeding a partially blind horse at the nose will restore him to sight. So much for the horse. To open a man's eyes, you must bleed him in the pocket.

BY CRANSTON & NORMAN,

WEDNESDAY MORNING, APRIL 17, 1850.

The Fire Annihilator.—Mr. Phillips, the inventor of this new apparatus, recently gave an exhibition of its powers to a large company assembled at the London gas works, Vauxhall. After some preliminary remarks on the vast losses from fire, amounting, annually, in the three kingdoms, to £2,000,000, and the inefficacy of water in quenching a furious conflagration, he set fire to a compartment of a large open building, filled with partitions and temporary joisting of light wood, dashed with pitch and turpentine, and hung with rags soaked with the same combustibles. The flames ascended, roaring with such vehemence as to repel the spectators to a distance of forty feet, reaching apparently, beyond all remedy by water; when Mr. P. with one of his hand machines, somewhat larger than a good sized coffee pot, from which a volume of gas and vapor was discharged, extinguished the flames "in half a minute;" and then, to prove that there was no noxious quality in the resulting air, immediately walked through the building with a lighted candle in his hand. A company has been formed to manufacture these new styled fire engines; which if they answer as well in practice as they seem to do in experiment, will soon make their way to this country, and find their field of operation in subduing flames and, perhaps, fire riots.

Pearson's Case.—This convicted murderer is destined to be hanged; the petitioners for a commutation of the death penalty having failed to make out a case before the committee of the Governor's Council. The committee have closed the hearing and voted on their report, four for sustaining the sentence of the law, against one for commuting it to imprisonment for life.—The case will come before the council early next week, for final action. The Post states that Pearson, since his "conviction has confessed that he rose to kill his wife after he had been laying by her side three-quarters of an hour. It was not his original intention to kill the children, but, on account of the resistance his wife made, they woke up before [illegible] first purpose, and then it became necessary to dispatch them lest they should expose him." Those who sue for the clemency of the Executive, should bear in mind that an anti-hanging speech is not alone sufficient to secure their object. Facts and heavy reasons must be adduced to justify the Executive in setting aside the judgment of a high tribunal.—*Boston Courier Saturday.*

Spain and Cuba.—*An Ambassador Coming to the United States.*—By the Europa we are advised that the Spanish Government had borrowed 30,000,000 reals for the purpose of placing the Island of Cuba in a proper state of defence, and Count Mirasol was about to embark at Cadiz for Havana, there to see the orders of the Spanish Cabinet carried into effect, after which he was charged to proceed on a special mission to the President of the United States.

Surrender of Slaves in Pennsylvania.—The resolution repealing the Pennsylvania law of 1817, which is a violation of the National Constitution, in regard to the arrest and detention of fugitive slaves, bids fair (the Pennsylvanian says) to pass both branches of the Legislature of that State. It passed a second reading on Saturday, by a vote of 49 to 41.

Wealth of California.—The Washington Republic states that private letters before the editor, of the highest authority, confirm the views presented in Mr. King's report with respect to the extent of mineral wealth.

The Legislature of New York adjourned finally on Wednesday last.—The session was limited by law to one hundred days, and that period was insufficient for the business to be transacted.

☞ The Rochester knockings are now termed "toeology," it having been ascertained that precisely similar noises can be made by some persons by working the toe joint.

☞ It is said that the Legislature of California has voted to send for the Washington Monument a block of California marble, quartz or granite, with the word "California" chiseled on its face.

Dying Words of Mr. Calhoun.—An authentic report of the last hours of Mr. Calhoun, in the Charleston Mercury, states that a few hours before his death, he uttered the following remark:

"I cannot avoid thinking of the political affairs of the country. If I could have but one hour to speak in the Senate, I could do more good than on any previous occasion of my life.

Workingmen should study Politics.—I respectfully counsel those whom I address (the workingmen of America) I counsel you to labor for a clear understanding of the subjects which agitate the community—to make them your study instead of wasting your leisure in vague, passionate talk about them. The time thrown away by the mass of the people on the rumors of the day, might, if better spent, give them a good acquaintance with the constitution, laws, history, and interests of their country, and thus establish them on those great principles by which particular measures are to be determined. In proportion as the people thus improve themselves, they will cease to be the tools of designing politicians. Their intelligence, not their passions and jealousies, will be addressed by those who seek their votes. They will exercise not a nominal but a real influence in the government and destinies of the country, and at the same time will forward their own growth in truth and virtue.

Elopements.—A Washington correspondent of the Baltimore Clipper states that a young man and his handsome wife (having three small children) had family jars about an old codger whose visits, it was supposed, were not altogether intended for the husband.

"A few nights since the lady having been engaged in reading some interesting book—probably a flash novel, was loth to retire to bed until she had consummated its contents. The gentleman, being fatigued, went to rest, and while he was snoring, his worse half quietly hoisted the window below stairs and egressed, taking with her a bed and clothing; and as the ancient lover and herself have not been seen since, scandal has reported that they have gone to Philadelphia. The deserted husband, on the next day, sold his furniture out, and placed the children under the care of a female relative."

The St. Louis Reveille says, that Mrs. Sanders, an actress of some note attached to the stock company of the theatre in that city, lately eloped with a man named Gaylor, a lecturer on Electro-Biology. She has a husband in Louisville, and he a wife and family in Cincinnati.

Sporting "Fact."—Mr. Gurney, (Mrs. Fay's father,) was a strict preserver of his game. Upon one occasion, while walking in his park, he heard a shot fired in a neighboring wood; he hurried to the spot, and his naturally placid temper, was considerably ruffled on seeing a young officer, with a pheasant at his feet, deliberately reloading his gun. As the young man, however, replied to his rather warm expressions by a polite apology, Mr. Gurney's warmth was somewhat allayed; but he could not refrain from asking the intruder what he would do if he caught a man trespassing on his premises. "*I would ask him in to luncheon*," was the reply. The serenity of this impudence was not to be resisted.

☞ Dr. Dudley, a dentist of Boston has invented a new "Suction Plate" for securing mineral teeth in the mouth, for which measures have been taken to secure letters patent. The new plate greatly increases the atmospheric pressure by perfectly exhausting the air from the central cavity by means of a valve through which the air is made to escape, and a perfect vacuum secured, which could not be done before.

☞ As the last train from Hartford for Springfield, was approaching the Tunnel under Main Street, Hartford, Thursday evening, a man was discovered upon the track, swinging his hat, and making demonstrations that the train should stop. The engineer blew the whistle, and the train came to a full stop; whereupon the "stopper," an Irishman, quietly got upon the platform of the second class car. On being questioned by the Conductor, as to "the why and wherefore" of his demonstrations, he coolly replied, "shure, an didn't I want to get on!"

A Tall Chimney.—The Cambridge Chronicle states that the New England Glass Company have commenced laying the foundation for a tall chimney, which they are about to build for their glass works in East Cambridge. It is to be about 30 feet square at the base, and carried up to the height of 240 feet—20 feet higher than the Bunker Hill Monument.—Flues under ground are to connect their various furnaces with this chimney, thus making it do all the smoking for their immense establishment.

Singular Petrification.—The Minesota Pioneer says that at the mouth of Crow River, a navigable stream entering the Mississippi, on the west side, thirty-five miles above St. Paul, there are said to be visible in the bottom of the river, several petrifications in the shape of men and horses.

☞ Favors of every kind are doubled when they are speedily conferred.

Under the instructions received by Mr. Bulwer from his Government by the last steamer, the necessity of delay until a copy of the Treaty can be forwarded to England, and a reply thereto received, has been entirely obviated.—There has been but very little modification from the terms proposed in Mr. Clayton's letter to Mr. Bulwer.

FACTS TO BE REMEMBERED.

That Consumption is almost always produced by a cold that might be easily cured. That Wistar's Balsam of Wild Cherry will cure any *cough or cold*, no matter of how long standing. The milder form of Consumption itself is also cured by this Balsam. That it is conceded by many lawyers, clergymen and physicians, that this Balsam has never been equalled for efficacy in all affections of the *Lungs and Liver*. That scores now rejoice in the possession of good health who, but for this *Balsam*, would have been in their graves—having been given up to die by their friends and physicians.

Dr. Bradford Knapp, of Crown Point, N. Y., in a letter says:—"In the course of my practice in this vicinity, I have tested in some good degree the good qualities of *Wistar's Balsam of Wild Cherry* in Pulmonary Complaints, and now I wish to procure a supply of the medicine."

United States Arsenal.

Dr. Fowle—

Dear Sir:—Having used several bottles of Wistar's Balsam of Wild Cherry in my family, for the complaints for which it is recommended, with decided beneficial effect, I cheerfully advise my friends and all others who may need a medicine of that kind, try it.

DR. CORBETT'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

The Formula of this invaluable Preparation has been laid before many of the different Medical Societies in New England, and has received in every case their especial commendation. It has been acknowledged as the most powerful antidote yet known! Thoroughly cleansing the Blood! Eradicating Scrofulous Taint and affording the most healing qualities to Diseased Lungs! and giving to the consumptive Restoration to Health!

The celebrated Surgeon and Physician, Dr. Valentine Mott, President of the New York Academy of Medicine, has given his especial notice to the accurate Preparation of Dr. Corbett's, and permits us to refer to him as to its virtues.

This is testimony most ample! but in Boston, other distinguished Physicians have also afforded their approval of this signally efficacious medicine. Such as Dr. J. C. Warren, Dr. J. W. Warren, Dr. Geo. Hayward, Dr. John Jeffries, Dr. J. V. C. Smith and others; many of whom have given their names in writing in favor of its sanative powers.

Alexander B. Mott, Esq., Druggist of New York, son of the distinguished Dr. Valentine Mott, writes us under date Nov., 1848:—

"The Physicians of this city who have made use of Corbett's Syrup of Sarsaparilla, express themselves pleased with its effects and are constantly ordering it."

These are credentials the public may rely upon! for they are those of the highest authority and the largest experience in Medical Science and research.

Verily, this is the Age of Humbug!

TO CONSUMERS OF FLUIDS, PATENT OILS, CAMPHENE, &c.

HOW easy it is, and still more silly, for a person to sit down and write an advertisement praising every or any article that they may happen to have to sell, and running down that of their neighbors, which they know to be quite as good as their own, and, in many cases, better. But such is characteristic of the age we live in. But the public has been so gassed up of late, with these flaming, bombastic advertisements, that they now know just what weight to attach to them. We believe that advertising, when not abused, to be a benefit to all; but, like many other things, it must be overdone with

Gas! Gas!! Gas!!!

We would say to all, use your own judgment—it is the only alternative.

I have the following articles, which is the best, cheapest and cleanest, of any Oils or Fluids now used, for producing a brilliant light:

Burning Fluid,	70 cts.	per gall.
Pine Oil,	70 "	"
Camphene,	60 "	"
Phosgene,	70 "	"
Patent Fluid,	70 "	"
Williams's Pine Oil,	60 "	"
Double Pine Oil,	60 "	"

And all the other Oils. We are daily receiving fresh supplies of the above kinds of Oils and Fluids, from the largest Manufacturers in the country, and we defy all competition in prices or quality. We expect that others have as good an article as ours, but we know that none have a better or a cheaper. Never, in one instance, has there been a complaint brought against it, and not one family that has given it a trial, but what continues to use it in preference to all others.

Also, Lamps of every description, for burning the above, for which, I am Agent for the Manufacturers, and will sell at their prices. Wickings, Tubes, Cans, &c., &c., and every article ever called for, kept in a Lamp store; and we advise all that desire a brilliant and economical Light, to give us a call, and they will find us ever ready to fulfil our promises to the letter.
HENRY H. YOUNG,
Mar13 Park Saloon.

FACTS TO BE REMEMBERED.

CONSUMERS of Patent Oil, Pine Oil, Burning Fluid and Camphene, will find it to their interest to call on the undersigned before purchasing elsewhere, for three simple reasons:—1st. Because we always have on hand and are daily selling, large quantities of the only PATENT OIL for tube Lamps, that is sold in Newport—for the sale of which, we are the only *Agent*, and which is, beyond all doubt, the best article for *Family* use ever introduced, for a brilliant and Cheap Light. It burns free and brilliant—free from grease, smoke or smell, and will not congeal or explode, and is sold at 70 cts. per gallon.

2d. THE PINE OIL and BURNING FLUID furnished me by the largest and most extensive Manufacturers in New York and Boston, enable me to *warrant* it as being *pure* and *genuine*. Every one speaks of it in the most flattering manner, as being a cheap and clean light, and is sold at 70 cts. per gallon; and the Pine Oil, for burning in Williams's Parlor Lamps, for 60 cts. per gallon.

3d. Though last not least of all, comes RIDER'S DOUBLE REFINED CAMPHENE, which is acknowledged by all, to be the best and cheapest article for light. It has stood the test of this community for the last six years, notwithstanding the many attempts to crush it, by introducing an inferior article from New York and Boston. The superior advantage ours has over *foreign Camphene* is, that we distill it fresh twice a week, and consequently it will not smoke or crust the wick, like an article bought from abroad. Thus, we furnish the public with an article from which they can obtain any quantity of Light, (equal to City Gas,) at one-third of the expense, at the same time safe, clean, and free from smoke or smell.—All the above are FACTS, for which we hold ourselves responsible to the letter, or we forfeit our trade, our reputation, and our sacred HONOR.

Also, Lamps of every description for burning the above, for which we are Agent for the Manufacturers, and will sell at their prices. Wicking, Tubes, Cans, &c., &c.; and, in fact, we keep Posted, close up, in every particular respecting the Cheap Light system. Therefore, we say to every one that desires a brilliant and economical Light, to call on the subscriber before purchasing elsewhere. PHILIP RIDER,

LITTELL'S LIVING AGE,

E. Littell & Co., cor. of Tremont and Bromfield streets, Boston.

This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenaeum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who wish to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. Littell & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"Washington, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

REMOVAL.--DRY GOODS.

CARR & BROWN, would respectfully inform the Ladies of Newport and vicinity, that they have removed from No. 2 Swinburne's Block, to the Store No. 140 Thames street, next South of Messrs. B. H. Tisdale & Son's fashionable Jewelry Establishment, where they would be pleased to meet all their former customers, and all others who may favor them with their patronage.

Their Stock will always be selected with care, and a good assortment of seasonable Dry Goods will always be found.

The business, as heretofore, will be conducted strictly on the *Cash system*, which arrangement precludes the necessity of your paying other people's bills.

Feeling grateful for the liberal patronage bestowed upon us the past year, we return our sincere thanks, and solicit a continuance of the same at the New Store, where nothing on our part will be wanting to make the interchange agreeable, and where it is hoped no standing obstacles will prevent the ingress of customers.

LIVER COMPLAINT,

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,
Prepared by
DR. C. M. JACKSON,
At the German Medicine Store,
120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled---if equalled---by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said---

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said---

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said---

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell, which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the efforts of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance---for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*---Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times---the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases---the effect is immediate. They can be administered to *female or infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PEOPLE'S MUTUAL FIRE INSURANCE COMPANY,
Worcester, Mass.

THIS Company commenced operations in May, 1847, and has received so liberal a patronage, that it has obtained a permanent character for prudent management, not surpassed by any Company in the Commonwealth, taking so great a variety of safe risks.

The Directors feel justified in recommending this Institution to the favorable consideration of the public, pledging themselves that every effort shall be made on their part, to continue its prosperity, and furnish such a security against loss by fire, as shall remove all anxiety on the part of those insured.

They have an Agent for the State of Rhode Island, who is thoroughly acquainted with the principles of Insurance. They also employ a General Agent, whose duty it is to examine and inquire into the nature of the risks taken, and when there is any defect in the building or carelessness on the part of the Insured, to report the same to the Board of Directors.

They effect Insurance on all kinds of Buildings, except those of an extra hazardous character.---Also, upon Neat Stock, Hay and Grain, Household Furniture, Provisions, Wearing Apparel, Libraries and Merchandise generally, and also upon all kinds of Manufactured Articles and Stock in the process of Manufacture, excepting Stock in Cotton, Woolen and Paper Mills, or property alike hazardous, for any term of time not exceeding five years.

Their Rates of Premium are established upon a basis sufficiently guarded to avoid all Assessments. The Dividends have averaged 50 per cent on all Policies that have expired in this Company, and it is believed that still larger dividends will be made in future.

EDWARD HEMENWAY, President.
Oliver Harrington, Secretary.
Office, No. 3 Brinley Hall, opposite the American Temperance House.

JOHN ADAMS, Sole Agent for the State of Rhode Island, is prepared to effect Insurance at his Offices, No. 32 Westminster Street, Providence, and United States Hotel, Newport.

*** Persons wishing to effect Insurance, are respectfully requested to call and examine the basis on which this Institution is based, and avail themselves of its benefits.

N. B.---Mr. Adams will be at his Office in Newport, *Tuesday* and *Wednesday* of each week.

THE UNION
MUTUAL FIRE INSURANCE CO.,
Concord, N. H.

THIS Company was chartered in June, 1846, and went into operation in October following: since which, it has issued 3645 Policies, covering by Insurance more than two and a half millions of property. The whole amount of property now at risk is $2,457,000.

The aggregate Capital of the Company amounts to $250,000.

In accordance with the provisions of their Charter, the Directors have divided the property at risk into the following Four Classes---each being liable for its own losses.

THE FARMERS' CLASS, which insures for six years, is composed entirely of Farmers' property, on which they have now insured $486,000.

VILLAGE CLASS, insures safe property in Towns and Villages, such as Dwelling Houses, their contents, out buildings, &c., for six years.---The amount now at risk in this class is $605,000.

MERCANTILE CLASS, insures for three years, and is constituted of Stores, Merchandize, Public Houses, Churches, Printing Offices, &c. The amount of property now at risk in this class is $756,000.

MANUFACTURERS' CLASS. This Class is composed of most kinds of hazardous property, with the exception of steam risks---in which the amount insured is $610,000.

The Company have, thus far, been very fortunate; the whole aggregate of losses in the three first classes combined, does not amount to $2,000 since the Company went into operation. They are now, and have been for several months past, issuing at the rate of 5000 Policies per annum.---Their capital is consequently rapidly increasing, and the Directors with confidence commend the Company to the public, as a medium of Insurance founded upon the most equitable principles and promising the most favorable results.

The above report was made the first of January, since which time, a large number of Policies have been issued.

DR. S. P. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
ORIGINAL AND GENUINE.

SIXTY DRUGGISTS!

An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep small retail drug shops in the back streets of this city, and are not Druggists or Physicians. The advertisement was put in by a lot of unprincipled men under the name of Thompson, Skillman & Co., who hired an old man by the name of Jacob Townsend, just [illegible] to put up a stuff which they endeavor to palm off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have avowed that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising, which has cost him over $300,000, and the popularity of the name of his medicine, to sell theirs. The advertisement signed by these shopkeepers, and put in the papers by Thompson, Skillman & Co., would lead people to believe that our Sarsaparilla sours, &c., which is false. These men have not, to our knowledge, ever purchased any Sarsaparilla of us and know nothing of its merits, very few of them being able to spare sufficient amount of money to purchase a dozen. The majority of them have applied to us for agency, which we refused. At least one of these men has been in the

STATE PRISON,

for forging a draft or note on the Chemical Bank; we know nothing of the character of the others—but if they sell any Sarsaparilla for the original and genuine Dr. Townsend's Sarsaparilla which is not signed by S. P. Townsend, they would commit any fraud.

Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

WHOLESALE DRUGGISTS.

Below will be found the cards of three of the first wholesale druggists in the city. These three have purchased $50,000 worth of Dr. S. P. Townsend within the last four years. We have sold it by the hundred dozen to many others—we keep it through all seasons in South America, New Orleans, Havana, &c., and these charges that our Sarsaparilla sours and ferments is as foul as their other libels.

Read the following:

New York, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's sarsaparilla. It is an article that commands an unprecedented sale, and as far as we know, gives universal satisfaction. It does not foment and break the bottles as has been alleged.

NORTON & BABCOCK,
No. 130 Maiden Lane and 10 Fletcher street.

New York, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and gives universal satisfaction. I have no difficulty with its fomenting or souring.

THOMAS W. CUMMING,
Wholesale Druggist, 178 Greenwich street.

New York, May 21, 1849.

This is to certify that we have purchased over ten thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla within the last five years. The medicine is very popular and has become an article of commerce. We find no trouble with its souring or fomenting.

BOYD & PAUL, No. 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his calling at his house to sell some pamphlets and cheap publications.

CONSUMPTION CURED!
Cleanse and Strengthen.
CONSUMPTION CAN BE CURED.

Bronchitis, Consumption, Liver Complaints, Colds, Coughs, Catarrh, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

In the last stages of Consumption.

The following Certificates are selected from a large number received. The first was kindly forwarded to us by Dr. Colwell, a respectable physician of extensive practice at Oswego, New York. He writes that the Sarsaparilla has performed many cures, and the better it is known, the more it is appreciated. His letter can be seen at the office, if any wish to see it.

East Oswego, Dec. 11, 1847.

Dr. Colwell:

Dear Sir—This is to certify that I have been sick a number of years with the Consumption, and that the past summer I was so low that my friends thought I could not live but a very short time, and by your advice, thinking there was yet a hope left, I commenced taking Dr. S. P. Townsend's Sarsaparilla, which soon gave me relief. I grew better fast while taking the Sarsaparilla, and am now able to be about the house and do some work. I owe my recovery, thus far, to the above medicine, and believed that it saved me from the grave. If you choose, you may forward this statement to Dr. S. P. Townsend.

MRS. MARGARET ARMSTRONG.

We, the undersigned, are acquainted with Mrs. Armstrong, and know the above to be true.

Sarah Jane Henderson,—Elizabeth Hadley,—Elizabeth Bartholomew,—Mary Coon.

Curious Case of Consumption.

There is scarcely a day passes but that there are a number of Cases of Consumption reported as cured by the use of Dr. S. P. Townsend's Sarsaparilla. The following was recently received:

Dr. S. P. Townsend—Dear Sir: For the last three years I have been afflicted with General Debility and Nervous Consumption of the last stage, and did not expect to regain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles, I found it done me great good, and I called to see you at your office. With your advice I kept on, and do most heartily thank you for your advice. I persevere in taking the Sarsaparilla and I have been able to attend to my usual labors for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

CHARLES QUIMBY.

CYRUS BALDWIN, Justice of the Peace.

WONDERFUL CURE.

Her blood was like water, could not speak, bled at the Lungs, severe pain in the Chest and about the Heart, raising in the Throat. Read the advertisement, and doubt if you can that Consumption is incurable:

New York, Dec. 14, 1847.

Dr. S. P. Townsend—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to this I was very ill, and had not strength to be about the house. I applied to Physicians and could obtain no relief, and at the time I commenced taking your Sarsaparilla, I had almost despaired of getting any better. The blood in my veins was like water. I bled very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up about half an hour at a time, and persevered in taking your Sarsaparilla. In four weeks I was able to go about the house, and have been ever since remarkably strong, and attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Your's respectfully,
EMMA SUMNER, 70 Vandam street.

Dr. S. P. Townsend's Principal Office has been removed from 126 Fulton, to 82 Nassau street, in the building formerly occupied by the South Baptist Church.

AGENTS.—Redding & Co., No. 8 State street, and Mrs. E. Kidder, No. 100 Court street, Boston; Samuel Kidder, Jr., Lowell; Mrs Bacon, Lynn; Henry Pratt, Salem; James B. BRANT'S INDIAN
PULMONARY BALSAM

[illegible] marked and developed case of Pulmonary Consumption [illegible] undoubted cases [illegible] were [illegible] cured [illegible] patients [illegible] INCURABLE [illegible] DYING. [illegible] been cured [illegible] another day [illegible] they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses some healing virtues [illegible] peculiarly adapted to, and are essentially required for the cure of

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as [illegible] which may attack the

Breast, Throat, Lungs, and Heart.

This BALSAM heals SORES or ULCERS in the LUNGS, and elsewhere internally, as certainly and easily as the PURIFYING EXTRACT cures and heals ulcers externally. This BALSAM cures NINE cases of Cough and Consumption out of TEN, after all other remedies have failed to do good.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its unfailing efficacy in such diseases, and its unrivalled curative power, and soothing, healing properties, in the following complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults,* and all Female Weaknesses.

CONSUMPTION.
A DYING WOMAN CURED!

We state this case to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is considered by physicians and friends to be in the last stage of disease—actually DYING—and, in this case, so far gone, that the shroud and burial clothes were bought. For the particulars of this case, and the respectable and undeniable proof of all the circumstances and facts, we refer to our Pamphlets.

This cure was effected on Mrs. ZIBA DYKEMAN, of Ballston Spa, Saratoga County, N. Y. We can prove beyond a doubt, many others, almost equally hopeless, and innumerable cases of Coughs and Consumptions CURED, which were pronounced incurable by SKILLFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, of *Hillsdale, Hillsdale county, Michigan*, wrote at the 1st of January, 1849, word as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, sides and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and I have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted, to whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. My cough was immediately relieved, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and pronounce myself a WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hollypress, Schuylkill county, Pennsylvania*, wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS for several years, was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM H. JENNINGS, a merchant at *Dorset Centre, Ashtabula county, Ohio*, wrote us, October 2, 1848, and stated a cure of CONSUMPTION which the use of BRANT'S INDIAN PULMONARY BALSAM had effected in Mr. WILLIAM CROCKET, of an adjoining town. He told Mr. Crocket had sought relief in all the best physicians, and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was given up by his physicians and all friends, as one who would soon inhabit a grave. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man!*

S. D. DANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about this same time, and stated that he was acquainted with Mr. Crocket, and he testified to his case, and all the above named facts.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Otsego, Otsego Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has performed on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to live more than ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its excellent efficacy has raised her from a sick bed, so that she is now *going about and attending to her domestic duties* [illegible]. She [illegible] and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her [illegible]."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, merchants, of *West Cornwall, Conn.*, said BRANT'S BALSAM had effected cures of such hopeless cases of Consumption in their town, that now no other consumptive [illegible] could be sold there, that it had raised two or three from the grave [illegible] and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was useless to take any more medicine. He then, when no hope was left, began to take BRANT'S BALSAM—and is now as well as ever he was!

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured many consumptive persons, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH!"

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 21, 1849: "BRANT'S MEDICINE is doing wonders here. It has cured a man of Consumption that all the physicians had said *must die*. When he commenced taking Brant's Medicine, he could not raise his head to his pillow. He bled at the lungs, and every symptom seemed to indicate that he must die; but, astonishing to me, he is now able to labor, and rides all over the country. He used only *five bottles*. It has also cured a young lady of Consumption, in Orleans county, which her father says he [illegible]."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are rapidly at sale, and I want immediately another supply, as they sell more rapidly, and give better satisfaction than all the other medicines I have for sale. The Pulmonary Balsam has raised a young lady from a bed of [illegible] sickness, whom the doctors had given up to *Consumption* [illegible] and pronounced her HOPELESS, since she [illegible] taking BRANT'S BALSAM—and now she is well."

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, of *Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the wonderful effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most wonderful cures of CONSUMPTION produced by it, in Monticello, Sullivan Co., New York, about a year since; and I have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit these persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency."

Yours respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT are rapidly at sale, and I want immediately another supply, for they *sell more rapidly, and give better satisfaction*, than all the other medicines I have for sale.

DR. CHRISTIE'S
GALVANIC BELT, BRACELET
NECKLACE
AND
MAGNETIC FLUID.
For the Removal and Permanent Cure of all
NERVOUS DISEASES,
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,

From all parts of the Country could be given sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

Sussex, New Jersey, July 12, 1848.

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but even their prescriptions failed. About *fourteen years* since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians [illegible] afforded me great relief; but the relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate the Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. Were it permitted, I could fill a sheet of paper with the details of particulars, but I can only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and it is manifestly [illegible] from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy result of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried it with HAPPY RESULTS, I believe IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

MORE CURES
EFFECTED BY DR. CORBETT'S SHAKER SYRUP OF SARSAPARILLA!

The following is from Jacob P. Eastman, of Concord, N. H., extensively known as an efficient Railroad Contractor and Builder, throughout the New England States.

Boston, March 8, 1849.

Messrs. E. Brinley & Co.

Gentlemen—I am happy to inform you of the wonderful effects of Corbett's Sarsaparilla upon a little daughter of ours, who was poisoned, when at the age of about three years, by a cutaneous eruption of the skin covered her whole body for more than twelve months, discharging the most offensive matter. We were compelled for months to oblige our little sufferer to wear mittens while in bed, and to adjust her night-dress by closing the openings at the hands and feet so as to prevent her from tearing her flesh. But even with these precautions, she would, at times, release her hands by gnawing her mittens about the finger ends, and then scratch and lacerate herself severely until the blood would flow.

She is now nearly restored to health, having used no other medicine for the last two years than "Corbett's Sarsaparilla." The effect of this powerful alterative is most signal, seeming to cleanse the whole system and eradicate all disease. The skin of our little girl is now fair as that of infancy, and her system rapidly changing from impurity and disease to perfect health, and this I know to be the result of the use of Corbett's Sarsaparilla only. J. P. EASTMAN.

DR. WISTAR'S
BALSAM OF WILD CHERRY.

This celebrated and infallible remedy for the cure of Consumption, Asthma, and Liver Complaint, was discovered some ten years ago. Since that time it has, by its own merits, been rapidly, surely, and safely working its way through the opposition of quacks and counterfeiters, until by its true value, and intrinsic excellence, it has gained for itself a most enviable popularity and established itself in the confidence of an intelligent and enlightened public, from one end of the continent to the other. The testimony of thousands who have been relieved and cured by this valuable article, will show that it stands unrivalled—at the head of all other medicines for the cure of diseases for which it is recommended. The genuine Dr. Wistar's Balsam of Wild Cherry is now for sale by duly appointed Agents, and all respectable dealers in medicine, in all large cities and all important towns throughout the United States, Canadas, and British Provinces.

As the Spring returns guard your health by using

Dr. Corbett's Shaker' Compound Concentrated

SYRUP OF SARSAPARILLA.

This medicine has proved to be most valuable in the following diseases; Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sourness of the stomach, Rheumatism and Salt Rheum, Functional disorder of the Liver, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhea.

It will be found by observation that many of the above disorders, and also that fatal disease Phthis Pulmonalis, or Consumption, generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a scrofulous habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diuretic tonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

HOME TESTIMONY—ALWAYS THE BEST.
Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man "FATHER TAYLOR" thus writes as to the benefits he has received through the virtues of the Sarsaparilla

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 40 years of age. My parents were healthy, and I was not afflicted by any disease until 1815. I was then residing in Boston. At that time my skin became subject to a humor, which was at last so bad as to alarm myself and friends.—Severe Sores and Abscesses developed themselves. Large Scars are now deeply imprinted on my forehead and other parts of my body by their excoriation and indentation even into the bone. About twelve months since my afflictions seemed increasing. Deep seated sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my daily bread.'

"Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon James Ayer, M. D., Hanover street, Boston who had watched my case, at last advised my using Dr. Corbett's Sarsaparilla.

"I am now happy to state that my general health is fast improving. The Scrofulous developments on my head, arms and face are passing away, and not until this moment have had any hope of a rescue from the grave. To Corbett's Sarsaparilla do I owe [illegible] this amendment, as not until I had adopted its use, (and this in minute quantities) have I for four years found any relief from suffering.'

AT THE SOUTH.

One of our agents at Athens, Georgia, has sent us the following letter, with permission to publish the same.

TRUTH IS MIGHTY AND WILL PREVAIL.

Athens, August 24, 1846.

Dear Sir:—Having been afflicted for more than ten months with Chronic Inflammation of the Lungs, at times very severely, and having adopted many medicines without any but temporary relief, I purchased about three bottles of Wistar's Balsam of Wild Cherry, from the effects of which I obtained more relief than from all the medicines I had ever taken for that distressing disorder. I have by the repeated use of this valuable Balsam, been more free from pressure for breath and oppression on the lungs than I had anticipated—and, indeed, conceive that I will be cured by continuing its use, of this most disheartening malady. I do most cheerfully tender you this acknowledgement, which you will use as your judgment dictates.

WONDERFUL EFFICACY OF DR. CORBETT'S HIGHLY CONCENTRATED

SYRUP OF SARSAPARILLA.
Further evidence as to its Virtues.

To Messrs. E. Brinley & Co.

Gentlemen:—Some time since you kindly sent me a few bottles of Dr. Corbett's Shaker Sarsaparilla, believing, as you said, it might help me, my Blood being out of order, and my Stomach annoyed by dyspeptical complaints. As I had long been using other Sarsaparilla Compounds with injury rather than benefit, and having tried various remedies with no help whatsoever, I felt unwilling to attempt anything further. But relying on the distinguished names of Physicians attached to the medicine, I began the use of one bottle. Using it only in small doses, I found my stomach gradually regaining its tone. After a steady and undeviating use of it for some months, I found my whole system thoroughly changed. My appetite was restored; my Blood clear, active and pure, and health once more allowed me. Some of my friends most painfully afflicted with diseases of the Skin, Liver Obstruction, and who are of strong Consumptive habit, are now using this wonderful medicine with most astonishing efficacy. In my own case, I am happy to state the cure was complete beyond my best anticipations.

Very gratefully, your obliged friend,
JOHN T. FIELD.

DR. CORBETT'S Concentrated Syrup of Sarsaparilla!—The Ruling Medicine of the Day.—Thus writes L. W. Wright, Esq., the well known, efficient and gentlemanly Conductor on the Concord Railroad.

Boston, Feb. 21, 1849.

Messrs. Edward Brinly & Co.

Gentlemen—In March last, 1848, I was prostrated for several weeks with an Inflammatory brain fever, which left me in a weak and feeble state.

A friend advised me to try a bottle of "Corbett's Concentrated Shaker Sarsaparilla," which I did, with the happiest results. Before I had completed the first bottle, I was conscious of a decided improvement, both in strength and my general health. I have since used several additional bottles, until my health is better, and my constitution apparently stronger than it has been before for years. To those similar afflicted as myself, and indeed to all troubled with constitutional debility, loss of appetite, or impure blood, whether preceded by actual disease or otherwise, I can cheerfully recommend the Shaker Sarsaparilla, as in my opinion it is the most effective and health-restoring medicine known.
